

# Green Fields Nursery School

## NEWSLETTER

Spring-Autumn 2022-2023

Dear Parents,

*Message....*

We ushered in the New Session in April 2022. The covid 19 pandemic has altered lives and disrupted normal life across the world. But by working together positively over the last two years we have demonstrated just how much can be achieved within a caring and supportive community such as ours and from this we continue to draw strength. It has been a joy to welcome students to school after a long gap. Teachers and support staff have been looking forward to children returning to school. This newsletter is being published in the hope of reaching out to all. The aim at Green Fields Nursery School is to bring out the best in our children through fulfilled activities. It is our endeavour to ensure that the highest possible standards are achieved through array of activities. The dedicated team greetings and gratitude to Parents for their unstinted support and wish your wards and you a fruitful and promising future.

Mrs Shilpa Puranik  
Headmistress

### Stem Activities

Children's curiosity is stimulated by engaging in enjoyable learning experiences through the kindergarten curriculum at G.F.N.S. The curriculum contains excellent STEM activities. Early exposure to STEM activities, in our opinion at GFNS, enhances children's general development and fosters their capacity for critical thought and reasoning. Children can develop their problem-solving abilities and be encouraged to explore using GFNS. Additionally, GFNS integrates STEM activities with hands-on learning, which stimulates creativity.

### A RECIPE FOR LEARNING

In a large bowl combine...

One cup of **CURIOSITY**, I am a child. I am naturally curious.

A dash of **RELEVANCE**,

I learn best when what I am learning is meaningful to my own experiences of the world.

A good amount of **VARIETY**,

I like to learn in lots of different ways.

A pint of **INTEREST**, I am most motivated to learn when I am interested in what I am doing and learning.

A smidgen of **PURPOSE**, I like you to know that I am helpful.

A litre of **PROBLEM SOLVING**,

To really get me thinking.

A heaped teaspoon of **ACTIVE DOING**,

As it is through active interaction with objects, people and places that I acquire knowledge.

And a large spoon of **PLAYFUL FUN!**

Stir together with **FRIENDS** to learn alongside.

Sharing with others helps to reinforce my own learning.

Add an **INTERESTED ADULT** to guide and pose challenges

that push my thinking further.

And bake together with **TIME** to explore, experience, grow and mature.

## Visit To Post Office

our school organized an educational excursion to the post office for classes nursery and prep , In the month of December 2023 , Reaching at the postoffice the students were received by an employee of the post office. They were introduced to different stamps of India. They were taken to different counters where they learn how to buy stamps etc... They eagerly seen how the parcels were sorted and kept at different shelves. over all it was a great experience for the students.

## Visit To Firestation

Our school had arranged to the visit to fire station for the nursery and prep students in December 2023. The motive behind this tour was to make them understand how the fire station works. The children were introduced to equipment used at the time of emergency they were also told how important is to give way to fire brigade when they listen to the Siren . The visit made them aware of the importance of fire fighters in our society

## Railway Museum

On Feb 20 & 21 , 2024 students of Nursery and Preparatory class visited the National Railway Museum in New Delhi that showcases the heritage of India. Giggles & excitement filled the air as our students stepped into the fascinating world of trains at the railway museum. Children were amused with the toy train that goes all around the museum.They learnt how the trains chugged through history from steam to electric power. The students were happy to see wagons,buses & locomotives that were displayed in the exhibition. They experienced a sense of time travel as they handled antique tools and turned levers. With hearts full of joy & minds buzzing with newfound knowledge , we left with a hope to come back for new adventures

## Stepping Into New World

Celebrate endings — for they precede new beginnings." —As we are not the same children who were entrusted to your care last year.We have grown in more ways than one - weight, grown taller, and become wiser and more the pleasure and privilege of witnessing our ten months together in classroom has brought between us. We have shared countless learning, all of which have enriched our lives. continue indefinitely, we understand that it is are proud little graduates who have mastered numerous friends and had an abundance of fun. memories of our teachers and their teachings with us we do. Regardless of the passing years or the changes we undergo, our hearts will forever consider you as our own. Now, we embark on a new adventure as we head off to big kids school.

physically, mentally, and emotionally. We have gained responsible. Throughout this year, we have had personalities unfold day by day. Spending us closer and created a special bond moments of joy, laughter, play, study, and Although we wish this journey could time for us to grow up and move on. We our ABC's and numbers! We have made Please know that we will always carry the on our life journeys, no matter where we go or what

## A PROUD MOMENT

The fact that one of our students, Adwait Priyadarshi from Nursery A, won a silver medal in the inter school Frog Jump competition hosted by Himani Public School on 2<sup>nd</sup> November, 2023 is indeed a source of honor and pride for Green Fields Nursery School.

## Glimps of festivals

Festivals were started to pass the legends, knowledge and traditions onto the next generation. They are an expressive way to celebrate glorious heritage, culture and traditions. They are meant to rejoice special moments and emotions in our lives with our loved ones. They play an important role to add structure to our social lives, and connect us with our families and countrymen. On the other hand national festivals connect citizens to important moments of a nation's history. They solidify patriotic spirits in the society.

We at Greenfields Nursery School have tried to build the religious values and ethics in this way of celebrations. All the festivals are celebrated by children with great zeal & interest demonstrating a sense of togetherness. India being a diverse country, the students need to know what each festival means, and through the celebration, he/she will get to know more about our country and varied cultures well the traditions.

## Celebrations

Green fields Nursery School inculcates the essence of celebration in kids and develops an opportunity to participate in extracurricular activities. Celebrating a festival in school with friends is more fun. Fostering cultural appreciation and teaching social awareness beyond textbooks

## Competitions

The ability for kids to compare their skills to those of others is the greatest benefit of competing. This helps them see their advantages and disadvantages and motivates them to set higher bar for themselves. Green Fields Nursery School hosted competitions such as scientific Olympiads, quizzes, fancy dress, show and tell, handwriting, recitation, and more.

## Health Camp

The School health programme enables children to be healthy. Being physically and mentally fit is essential for good health. All of the teachers and students at Green Fields Nursery School participated in a medical health check-up camp. Dr Raavi's Asparagus led a group of committed medical professionals that organised the camp, which included fitness exercises and general physical check-up. Every student received the necessary medical advice as well as safety instructions.

## Our Prize Winners
