NEWSLETTER

Summer - Rainy 2026-2027

Respected Raahuul Kapoor Sir

From Our Honorable Director's Desk :

"Tell me and I forget. Teach me and I remember. Involve me and I learn.

—Benjamin Franklin

Life is a long journey of many stages- "Childhood" is the best part of it . The formative years of a child's education is one of the most important phases of his schooling. We are glad that Green Fields Nursery School is helping the child to make this journey smooth all through with its new communicative methods of teaching for wholesome learning. An effective education is one that prepares and equips students for life. The aim at Green Fields Nursery School is to bring out the best in children through fun filled activities. Added to this are essential elements like instilling moral values, providing safe and healthy environment. Our focus is on addressing the holistic development of the personality of our students. We thank you for believing in us and appreciate your belief and trust in us. May God bless you all abundantly.

Hon. Director Ms. P. Khanna

LITTLE EXPLORERS : DISCOVERING THE WORLD THROUGH CURIOSITY

"Every question is the beginning of a new discovery." Children are natural explorers. From asking "Why is the sky blue?" to wondering "Where do ants go?", their little questions open the door to a world of learning. Curiosity is one of the most powerful tools in a child's development. It encourages children to observe, question, experiment, and discover things around them. At an early age, children learn best when they are given opportunities to explore and experience rather than simply being told the answers. A walk in the garden can become a science lesson, a simple experiment can spark a new idea, and a story can lead to endless questions.

How Curiosity Helps Children

Encourages questioning and develops thinking skills..Builds confidence by allowing children to find answers on their own..Develops creativity and imagination..Improves observation skills as children notice details around them..Makes learning enjoyable and meaningful..Encourages problem-solving through exploration and experimentation.

LITTLE CHEFS IN THE MAKING

At Green Fields Nursery School, our little learners enjoyed a delightful Non-Fire Cooking Activity, turning simple ingredients into delicious creations while learning through hands-on experience. The children prepared easy and nutritious dishes such as Bhel Puri, Fruit Salad, Corn Salad and Fruit Chaat with the guidance of their teachers. They eagerly participated in mixing, spreading, arranging and decorating the ingredients, discovering that cooking can be both creative and fun! Beyond the joy of preparing food,

the activity helped children develop fine motor skills, creativity, confidence and independence. It also encouraged healthy eating habits and introduced them to a variety of fruits and vegetables. Working together gave our young chefs an opportunity to practise sharing, cooperation and taking turns, while building their social and communication skills. It was a wonderful learning experience filled with curiosity, creativity and happy little chefs!

GFNS – A GARDEN OF LEARNING

At Green Fields Nursery School, learning goes beyond the classroom. Our special theme weeks and celebrations provided meaningful opportunities for children to develop awareness, responsibility, confidence and essential life skills through engaging experiences.

Earth Week

sensitised children to environmental conservation through plantation drives and Best Out of Waste activities, fostering respect for nature and its resources.

During **Safety Week**, stories, role-plays and mock drills introduced children to personal safety, fire safety, emergency preparedness and appropriate responses to unfamiliar situations.

Cleanliness Week reinforced the importance of personal hygiene and a clean environment through hand-washing, classroom-cleaning and practical activities.

Traffic Awareness Week familiarised children with road-safety rules, traffic signals, zebra crossings, road signs and the importance of helmets and seatbelts. A mini traffic park and role-play activities made these concepts engaging and relevant.

Our Colour Days — Red, Yellow, Green and Blue transformed colour recognition into joyful learning experiences. Through observation, exploration and creative activities, children strengthened their understanding of colours while developing curiosity, expression and confidence. These enriching experiences made learning purposeful, joyful and closely connected to everyday life.

Learning Through Play : Why Play Matters

Dear Parents,

Have you ever wondered how much your child learns while simply playing? For young children, play is not a break from learning—it is the very foundation of learning. Every game, activity, conversation, and imaginative experience helps children understand the world around them and develop skills that form the building blocks of future learning. At Green Fields Nursery School, we believe that every "Let's play!" is also a "Let's learn!" For our little learners, play is a joyful way to explore, imagine, create, experiment, and discover. Whether building with blocks, engaging in pretend play, creating with colours, solving puzzles, enjoying music and movement, or playing with friends, children learn through meaningful hands-on experiences. Play helps children develop creativity, imagination, communication, vocabulary, social skills, confidence, emotional expression, concentration, memory, and problem solving abilities. It also strengthens fine and gross motor skills, hand eye coordination, decision making, logical thinking, and early mathematical and language concepts. Playing with others teaches valuable life skills such as sharing, cooperation, patience, turn-taking, empathy, following rules, negotiation, and respecting others. Play also encourages children to make choices, explore independently, learn from mistakes, and develop curiosity and a positive attitude towards learning. At Green Fields Nursery School, we celebrate learning through play because when children play with purpose, they are building skills, discovering possibilities, and growing into confident, curious learners.

CELEBRATING TRADITIONS & NURTURING VALUES

Every celebration is a beautiful opportunity to learn, connect and grow. At Green Fields Nursery School, festivals and special days brought our little learners together in an atmosphere of colour, music and joy. From Baisakhi, Mother's Day and Rabindra Jayanti to Raksha Bandhan, Janmashtami, Ganesh Chaturthi and Independence Day, each occasion opened a window to our rich cultural heritage and timeless values. Through songs, dances, stories, crafts and meaningful activities, children explored the significance of each celebration while imbibing love, kindness, unity and togetherness. These joyful experiences enriched their learning and created memories to treasure.

LEAPING TO GLORY

Every leap is a step towards confidence, coordination and joyful growth. At Green Fields Nursery School, sports and physical activities are an integral part of our early learning experience, helping children develop gross motor skills, agility and a healthy, active spirit. Through fun-filled activities such as Flat Race and Frog Race, our little champions explored movement, teamwork and sportsmanship while learning to participate with confidence and joy. These playful experiences nurture physical well-being, self-confidence and holistic development, laying the foundation for an active and healthy life.

A JOURNEY THROUGH TIME : VISIT TO THE RAIL MUSEUM

As part of our theme "Transport," the little learners of Green Fields Nursery School embarked on an exciting educational visit to the National Rail Museum. The children were thrilled to explore different types of trains, engines, railway coaches, and fascinating exhibits. Through observation and exploration, they discovered how trains have evolved over the years and gained an early understanding of the rich history of Indian Railways. The visit encouraged curiosity, observation, questioning, and experiential learning, making the concept of transport meaningful and enjoyable. It was a joyful and memorable experience filled with learning, discovery, and excitement!

COMPETITION PRIZE WINNERS : NURSERY

Tearing and Pasting Competition held on 27.9.2026

S.No.	Name of the student	Class	Overall Position
1.	Bhavika Jain	Nur A	1st
2.	Suveer Singh	Nur B	2nd
3.	Amyra Singh	Nur C	2nd
4.	Vaidehi	Nur A	3rd
5.	Vaani Shrivastav	Nur B	3rd
6.	Yuvraj Verma	Nur C	Consolation
7.	Aditi Kurmi	Jr. Nur.	
8.	Agastya Kumar	Jr. Nur.	

Flag Colouring Competition held on 14.8.2026

S.No.	Name of the Student	Class	Overall Position
1.	Niyati Rawat	Nur A	1st
2.	Vaibhav	Nur B	2nd
3.	Yuvraj Verma	Nur C	2nd
4.	Krishiv	Nur A	3rd
5.	Kartik Dubey	Nur A	Consolation
6.	Virat	Nur B	Consolation
7.	Aditi Kurmi	Jr. Nur	
8.	Agastya Kumar	Jr. Nur	

COMPETITION PRIZE WINNERS : PREP.

Tearing and Pasting Competition held on 29.4.2026

S.No.	Name of the student	Class	Overall Position
1.	Nila Anoop	Prep A	1st
2.	Jaishvi Baisoya	Prep A	2nd
3.	Priti Kachhap	Prep B	2nd
4.	Ashrita Jaiswal	Prep C	3rd
5.	Aadvik	Prep D	Consolation

TEARING AND PASTING COMPETITION

HINDI RECITATION COMPETITION

Clay Moulding Competition held on 27.7.2026

S.No.	Name of the student	Class	Overall Position
1.	Nila Anoop	Prep A	1st
2.	Shazia Nayani ka Dermawan	Prep C	1st
3.	Gresha Khandelwal	Prep A	2nd
4.	Advita Yadav	Prep C	2nd
5.	Kavya	Prep A	3rd
6.	Geshna Singh	Prep C	3rd
7.	Dhanvika Ratkali	Prep B	4th
8.	Jeremy Golmei	Prep D	4th
9.	Paavni Gurung	Prep A	Consolation
10.	Prisha Sharma	Prep C	Consolation
11.	Vamika Chauhan	Prep C	Consolation
12.	Vidyut Prakash	Prep D	Consolation

Hindi Recitation Competition held on 31.8.2026

S.No.	Name of the Student	Class	Overall Position
1.	Nila Anoop	Prep A	1st
2.	Mayank Raj	Prep A	1st
3.	Kavya	Prep A	2nd
4.	Advita Yadav	Prep C	2nd
5.	Shreya Samanvita	Prep A	3rd
6.	Dhairya Yadav	Prep B	3rd
7.	Nawal Yadav	Prep D	3rd
8.	Garvit Sharma	Prep B	Consolation
9.	Shazia Nayani ka Dermawan	Prep C	Consolation
10.	Prisha Sharma	Prep C	Consolation
11.	Darshit Kumar	Prep D	Consolation
