Dear Parents,

We hope our children had lots of fun learning new things in the school but now it's time for them to welcome the summer vacations break... Break from fixed schedule-getting up late in the morning, playing for longer hours and watching favourite shows on television. At the same time we expect them to enjoy quality time with their family and interact with parents and grandparents and other members .It is also important for them to remain in touch with their studies and regularly revise their lessons .Here are some learning and fun filled activities that you should kindly help them to complete during the vacations .

It is time to smile and play. My holidays are from 20th May. I'm waiting for these lovely days .

Summer break **20th May 2023 to 2nd July 2023.**

School reopens on **3rd July 2023.**
